Invitation to the Beverly by Cressey presents Tour de White Rock

A Message from City of White Rock Mayor and Council

On Friday 17 and Saturday 18 July, the City of White Rock will once again host one of Canada's most prestigious cycling events - the 36th Annual Tour de White Rock!

Each year we welcome over 150 Olympic and world class male and female cyclists from all over the world. This year they have returned to challenge our beautiful but demanding course, in an attempt to win some of the \$20,000 in prize money.

The Tour de White Rock, together with the Tour de Delta, Giro di Burnaby, the UBC Grand Prix, and the return of the Gastown Grand Prix make up this year's BC Superweek.

City of White Rock staff has worked with officials from the Tour de White Rock committee to prepare our streets for this event and facilitate a positive experience for both the cyclists and spectators.

Tour de White Rock offers residents and visitors an intimate look at cycling professionals and amateurs in their element.

Although there are road closures, the famous White Rock beach will still be accessible by vehicles during the Peace Arch News Road Race on Saturday, July 18. Please note the temporary parking regulations and road closures that will be in effect during this event.

On behalf of Council, I invite you to join us at the Tour de White Rock and be inspired by sport! This is White Rock at its best, delivering a premier local event, showcasing the passion in our city and inspiring healthy and active lifestyles.

We thank you in advance for your continued cooperation and assistance.

Sincerely,

Mayor Wayne Baldwin
